REACH Statement (EC 1907/2006)

The REACH Directive is applicable to any company within the EU that produces / imports / distributes or uses chemical substances, chemical preparations or objects with chemicals.

Within the REACH Directive Mifa is identified as an end-user. Mifa however does not supply chemicals or add chemicals substances or preparations to its products which require registration to this directive. Therefore MIFA Aluminium B.V. can state that all aluminium products supplied to our customers comply with the REACH Directive and all amendments.
