

Advanced CDI Review of Operative Reports

Transform Operative Documentation into a Powerful Clinical, Coding, and Reimbursement Asset

Accurate operative documentation drives patient care, quality reporting, coding integrity, compliance, and reimbursement. This advanced educational session uses real-world orthopedic and wound care operative reports to identify common documentation vulnerabilities and demonstrate how small improvements can significantly reduce coding queries, defend against denials, and improve clinical specificity.

Attendees will explore challenging cases involving:

- ☒ Excisional Debridement
- ☒ Non-Excisional Debridement
- ☒ Surgical Preparation vs Debridement
- ☒ Ulcer Depth and Severity Documentation
- ☒ Skin Substitute and Stravix Applications
- ☒ Keystone Flaps and Tissue Transfer Procedures
- ☒ Orthopedic Traumatic Wounds
- ☒ Physician Query Opportunities
- ☒ Audit and Denial Prevention Strategies

.

Objectives:

This session is designed to provide all types of professionals with the latest updates as well as assist with guidance to navigate medical coding and reimbursement as well as review of:

Upon completion of this session, participants will be able to:

1. Distinguish Between Debridement and Surgical Preparation
2. Improve Ulcer Documentation Specificity
3. Strengthen Operative Report Documentation
4. Identify High-Value CDI Query Opportunities
5. Enhance Documentation for Flaps, Grafts, and Reconstruction
6. Reduce Coding and Audit Risk

Target Audience:

Who Should Attend?

This session is designed for:

Clinic Managers

Clinical Documentation Integrity Specialists (both inpatient and Outpatient)

Coding Professionals

Health Information Management

Physicians and Advanced Practice Providers

Wound Care Teams

Revenue Integrity & Compliance Teams

Leadership & Finance – Accurate documentation supports appropriate reimbursement while maintaining compliance and clinical credibility.

Date/Time:

(Live Webinar) Thursday, October 8, 2026

11:30 am - 12:30 pm CT

AHIMA CEUs (certificate of attendance) will be provided to those that complete our survey post-session.

Fee:

\$150 per facility* *RWHC Member & Affiliate Member*

\$180 per facility* *Non-RWHC Member*

**Each hospital and its hospital-owned clinics are defined as one facility.
Each independently-owned clinic is defined as one facility.*

Fee includes webinar participation as well as access to archived session.

We request that ONE person from your facility register all expected attendees for the session.
